

THE SABINE-NECHES WATERWAY DEEPENING PROJECT

SOUTHEAST TEXAS

The Sabine-Neches Waterway links to an extensive pipeline system.

WE FUEL THE NATION

Current industry related sectors supported by the Sabine-Neches Waterway **annually** generate in the United States:

- **\$32+ billion** in gross product
- **\$18+ billion** in personal income
- **\$3.4+ billion** in Federal taxes
- More than **288,000** permanent **jobs**

MAINTAINING MOMENTUM

The waterway has not been improved since 1962 – more than 50 years ago. We must invest now to ensure this economic engine maintains its momentum and the United States continues to enjoy the benefits.

Deepening the Waterway from 40 to 48 feet will allow larger ships to reach local ports and industrial facilities, thereby:

- 1 Meeting growing transportation needs
- 2 Continuing to attract new growth and development for Southeast Texas and the United States

A WIN-WIN

The project would create thousands of **jobs**, generate billions of dollars in **economic impact, enhance trade** infrastructure and position the Sabine-Neches Waterway to compete in the global marketplace.

THE SABINE-NECHES WATERWAY

AN AMERICAN ASSET

The Waterway Today

\$32+ billion in gross product across the U.S. annually

Benefit to the nation

More than **288,000** permanent jobs in the U.S.

Positioned to become the **largest LNG exporter** in the country

100 million tons of cargo annually

Integral component of U.S. energy and military transportation infrastructure

The Waterway Tomorrow

During the 15-year construction phase:

\$5 billion in business activity generated across the U.S.

Equivalent of more than **26,000** direct & indirect jobs across the country

\$1.6 billion in personal income

\$500 million in retail sales

Once completed, the waterway would generate **an additional:**

\$57+ billion in gross product

\$6+ billion in Federal taxes

\$32+ billion in personal income

More than **176,000** new permanent jobs across the U.S.
